This is the second version of the SME format of the III WG on IFRS impact and CBSO databases (III WG hereinafter), adapted to IFRS for SMEs, as issued by IASB on July 2009. The creation of this format should be understood as a theoretical exercise, which will not imply, under any circumstances, the application of IFRS SME in any of the members of the III WG.

The two main sources of the format are the IFRS SME XBRL Taxonomy (as issued by IASCF in April 2010) and the other formats of the III WG on IFRS impact and CBSO databases.
